**Commercial Information**

**SURFACE PREPARATION INNOVATION**

**Version Date:** April 2011

**Title:** Blast Nozzle Holders And Hose Couplings

Our new range of high quality nozzle holders and hose couplings are made of high quality injection moulded Nylon and are exceptionally strong, durable and ultra-lightweight.

**BLAST NOZZLE HOLDERS**

The nozzle holders features 2" (50mm) course thread to eliminate galling. Internally raised thread on the blast hose side prevents the nozzle holder slipping off the blast hose. Special screws further secure the nozzle holder onto the blast hose.

**Technical information**

| Nylon Nozzle Holders with 2" (50mm) Large Thread        |                     |                              |
|---|---------------------|------------------------------|
| Part number   | Model               | Fits Blast Hose              |
| 21240   | NNH-1/50            | 39 mm OD – 25 mm ID (1")     |
| 21250   | NNH-2/50            | 48 mm OD – 32 mm ID (1 1/4") |
| Quick Coupling Nozzle Holder for 2" (50mm) Large Thread |                     |                              |
| 07719D  | CFP-50              |                              |
| Gaskets for use with the Nylon Nozzle Holders           |                     |                              |
| 21411   | For model NNH, 1/50 |                              |
| 21421   | For model NNH, 2/50 |                              |

**HOSE COUPLINGS**

The nozzle couplings come with a new safety locking device (easy clip) which automatically snaps into locking position when the couplings are connected. A revolutionary universal quarter turn design allows you to couple differently sized hoses to couplings made of different material.

Blastrite's hose couplings are manufactured to the narrowest tolerances, ensuring leak-proof configurations when used in conjunction with wear-resistant heavy duty blast hoses.

| Nylon Hose Couplings                          |                  |                              |
|---|------------------|------------------------------|
| Part number                                   | Model            | Fits Blast Hose              |
| 21510   | CQN-1            | 39 mm OD – 25 mm ID (1")     |
