**SURFACE PREPARATION INNOVATION**

**Version Date:** January 2011

**Title:** Nova Blast Helmet

**NOVA BLAST HELMET**

The Nova Helmet is a world leader, renowned for its operator comfort. The helmet offers full panoramic view while meeting all international safety standards.

The helmet is both lightweight and robust and has various built-in features to help reduce fatigue and downtime.

**Features**

- Evenflow™ Air Distribution – diffuses an even flow of breathing air throughout the helmet to cool your head and face.
- ComfortZone™ lightweight pillow foam padding which is easily removed for hygienic clearing.
- Rugged removable face frame – mounted on an integral moulded hinge and secured with a super strong latch.
- Flexible breathing tube silences the incoming air supply and provides a quiet working environment.
- Super tough helmet shell – made of high density polyethylene, U.V.-stabilized and abrasion resistant. Meets requirements of ANSI Z89.1-1997 protection.
- Fitted with low airflow Indicator.
- Multi layered sound deadening foam – it's got to be the quietest foam in the industry.
- Strongly attached cape – eight stud domes ensure the cape stays on!
- Replaceable cape cover band seals the top of the cape and stops abrasive entering.
- Durable nylon cape protects the wearers neck and upper body; soft inner collar provides a comfortable seal around the neck
- Fitted hand strap for carrying.
- Helmet weighs 1.5 kg.

**Technical information**

Unit	Description
