SURFACE PREPARATION INNOVATION

Version I Date: MARCH 2015

Title: T150 PAINT HELMET

T150 PAINT HELMET

The RPB T150™ Paint Helmet is an ergonomically designed full face respirator offering superior comfort and functionality.

Its sleek design and unobtrusive profile leads to versatility across a wide range of industries. The T150™, manufactured from polycarbonate, offers workers superior comfort, vision and safety. The T150™'s panoramic lens offers the user an unobstructed view of their surroundings, along with an innovative air flow design which provides an anti-fog barrier, ensuring the lens stays clean and clear.

Available with an adjustable 6 point harness, paired with a silicon face seal, the T150™ fits perfectly to the contours of the user's face, providing a comfortable airtight seal which ensures contaminated air cannot enter the user's breathing space.

**NIOSH approved
Type C respirator**

Product Features and Benefits:

- To prolong the respirator's lifespan, the T150™ is subjected to an anti-fog, anti-scratch and anti-acid treatment.
- Peel off protective lenses protect the main lens from chemical splash, spray drift or dust. Pre-folded tabs ensure workers can quickly tear off just one layered lens at a time, saving time and increasing productivity.
- Adjustable head harness - six fast release buckles.
- Innovative filtration process provides anti-fog barrier to the inside of the lens.
- Silicon face seal guarantees a perfect fit and seal.
- Panoramic visor offers a distortion free field of vision.
- Polycarbonate face shield can be cleaned with MEK, Gunwash and thinners, and it will not fog or effect the clarity of the lens
- Can be used in conjunction with the Radex Airline filter, Hot or Cold Air tubes and the Radex CO Monitor.

- Helmet must be used in conjunction with Operator Breathing Equipment.
- OBE Filter cartridges should be replaced every 400 working hours or 3 months.

Technical Information

Code	Description
11-901	RPB® T150™ supplied air respirator, Includes Adjustable Head Harness and Silicon Face Seal.
